

Documentation for <https://github.com/psf/requests>

Generated by Codebase Genius

Author: Evans Langat

Cloned repository: /home/evans/codebase_genius/input_repo

Challenges Faced

- Handling pre-existing folders causing `FileExistsError`
- Ensuring correct cloning of repositories every time
- Generating both Markdown and PDF outputs automatically
- Managing dependencies and Python environment consistency

Codebase Diagram

![[Diagram Placeholder]](diagram_placeholder.png)

This diagram represents high-level relationships between modules/classes/functions.
